

Product- WhatsApp

mConnect offers various solutions for business enhancement. One such innovative platform is WhatsApp messaging solutions. It can be easily integrated in your mobile. The solution offers you the advantage of attaching videos, images and voice recordings along with the messages that you send. Organisations can use mConnect WhatsApp messaging solutions for marketing, sales campaigns and various other business activities.

Support information:

mConnect WhatsApp solutions can be seamlessly connected with your WhatsApp. You need not worry about the complexities of integration. As it is, it is simple to integrate and we also offer help document for further support. With the help of the credentials that you provide we will enable instances for your organisation. You can use this instance instead of your own WhatsApp number. We will take care of all the business verification process. We also create and provide as many instances as your business requires. So, it will be easy for you to assign separate instances for specific departments.

Send unlimited messages:

WhatsApp can do everything as SMS, but the difference is that there is no limit for messages. It does not cost a single dime. Take advantage of this free service and send unlimited messages to expand your business, to promote your brand and to increase sales.

Simple and Secure messaging:

WhatsApp solution is a quick, simple, and convenient way to chat. Create any number of groups and send and receive messages to all the groups. Have private and confidential conversations, send business quotations and chat about your deals without worrying about security. mConnect WhatsApp messaging solutions offer high security to all your messages and multimedia files.

Share multimedia files:

Add pep to your messages with images and videos of your products and services. You can also send and receive business documents.

User-friendly messaging app:

It can be easily handled by anyone. We offer short and simple codes and you need only to send the messages.

Availability:

The messaging services are available in all platforms including iOS, Android and other smartphones.

Be connected:

mConnect WhatsApp solutions enable your organisation to be in regular touch with the customer. Keep promoting brands, products and services. Send information about offers and special discounts. Create a goodwill by sharing custom greetings.

Ensure that your messages are delivered:

Be sure whether your messages have reached your contact or not. The delivery status report is a great advantage for you to make sure that the message has really reached the customer in every sense of the word.

MConnect WhatsApp solutions offer a gateway to communicate without cost to your customers, wherever they are and at any time.

For Help:

Go to **Settings** menu and click on **App Settings** sub-menu. Scroll down to **Help Manual**.
